

CHRT

Health Care Benefit Use Variation by Demographics

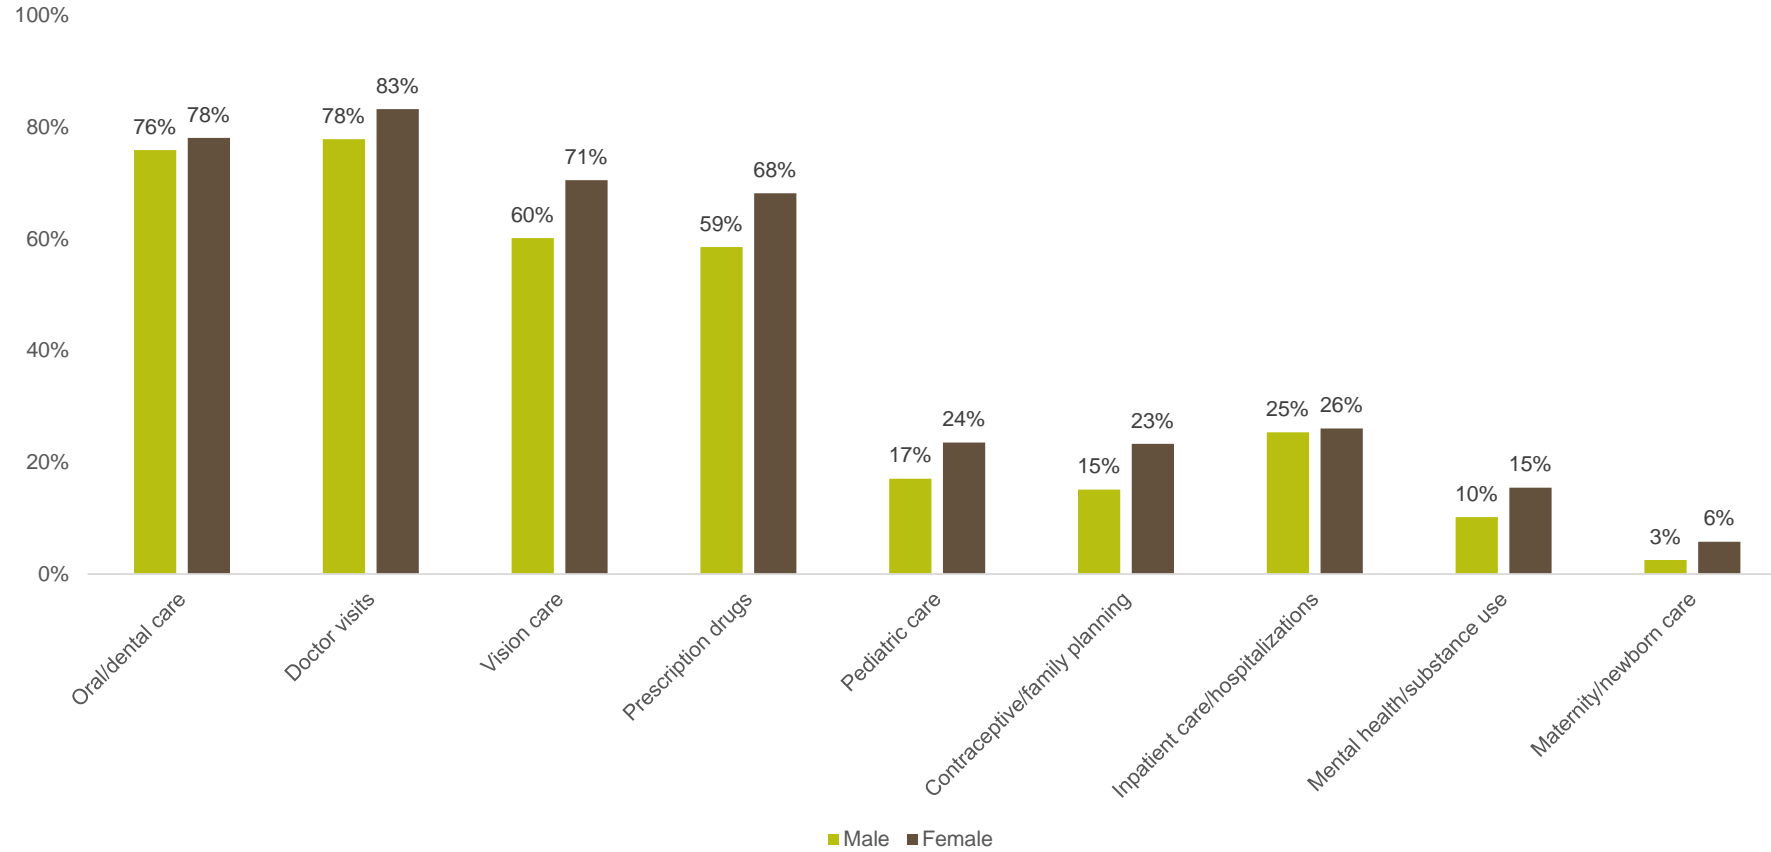

NOVEMBER 2018

Introduction

Data from the Center for Health Research and Transformation's (CHRT) 2018 Cover Michigan Survey shows health benefits that Michiganders with health insurance coverage have used in the past year*. Detail on the Cover Michigan Survey and analysis methodology can be found on CHRT's [website](#).

* Survey participants were asked whether or not they or other family members covered by their plans used each health care benefit in the past 12 months.

Health care benefit use by gender

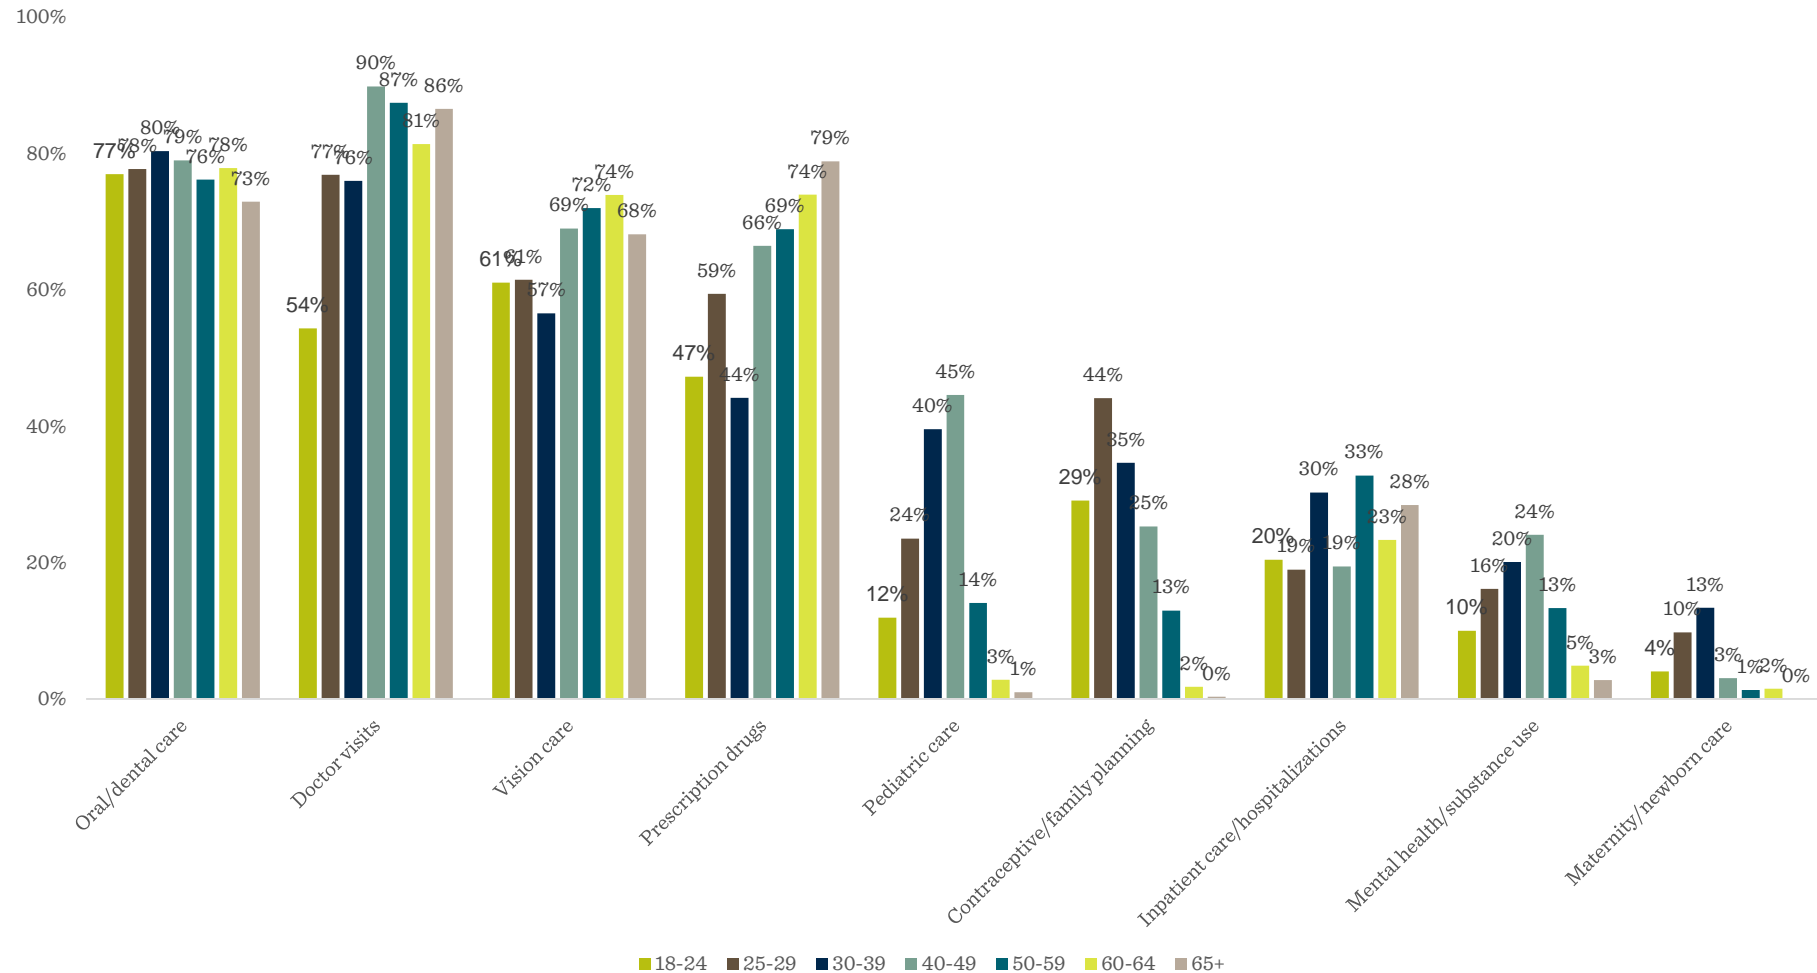

*Significant differences in all categories, with exception of oral/dental care and inpatient care/hospitalizations.

SOURCE: CHRT Cover Michigan Survey 2018. Due to rounding, percentages may not add to 100.

CHRT

Health care benefit use by age

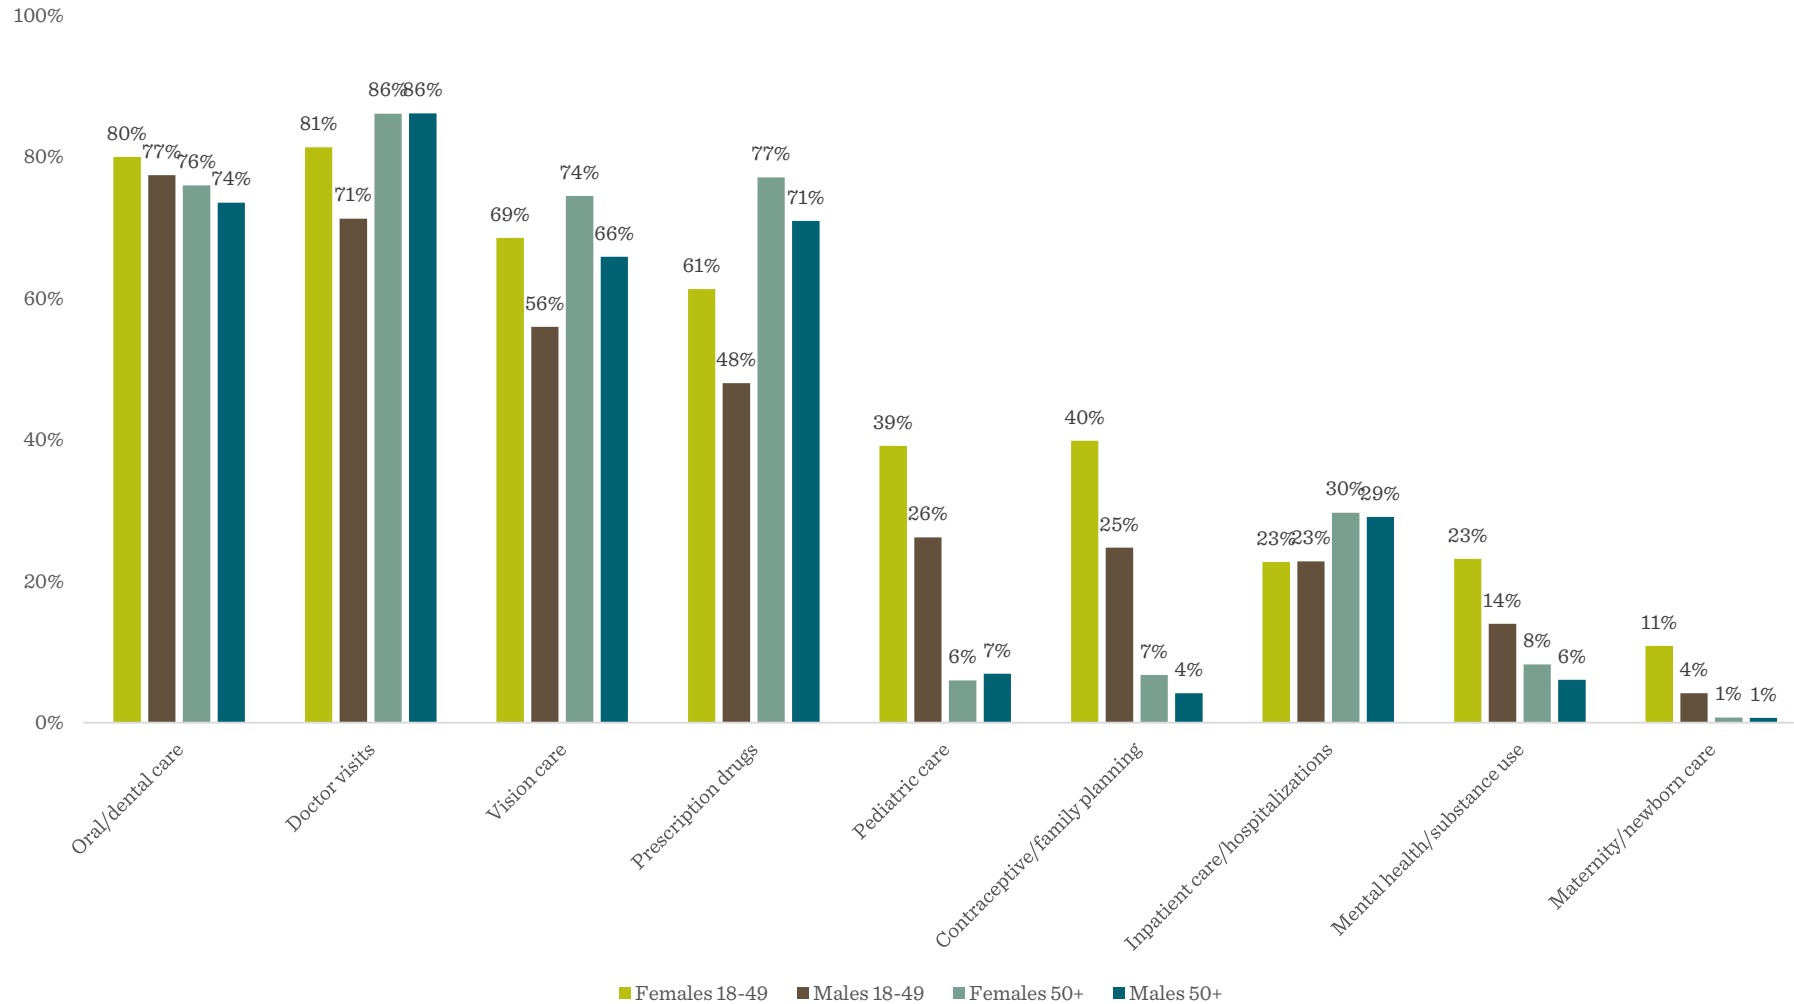

*Significant differences in all categories, with exception of oral/dental care.

SOURCE: CHRT Cover Michigan Survey 2018. Due to rounding, percentages may not add to 100.
